Current Affiliation

2019- present Associate Professor Philosophy of Mind and Language, Radboud University Nijmegen

2018 - present Assistant Professor Philosophy of Neuroscience, VU Amsterdam

Past positions

2012 - 2018 Assistant Professor Philosophy of Mind and Language, Radboud University Nijmegen

2009 - 2012 Postdoctoral Research Fellow Ruhr-University of Bochum

2009 - 2010 Assistant Professor Erasmus University

2005 - 2009 PhD Research Fellow University of Leiden

2008 Visiting Scholar University of Central Florida / University of Hertfordshire

Education

2005 - 2009 PhD Philosophy (cum laude) Leiden University

(cum laude: highest distinction possible in the Dutch system)

2006 - 2007 MSc Cognitive neuropsychology (cum laude) Leiden University

2003 - 2004 MA Philosophy (cum laude) Amsterdam Free University

1998 - 2003 BSc Clinical psychology Utrecht University

1997 - 2001 Ing Technical Engineering Utrecht Polytechnic University

Areas of Expertise

Philosophy of mind and language; Philosophy of psychology; Philosophy of psychiatry; Philosophy of neuroscience; Science in the public domain

Research statement

My research focuses on embodied cognition and its philosophical and empirical ramifications, in particular in the field of neuroscience and psychiatry. I investigate the implications of embodied cognition for mechanistic and network explanation in neuroscience and our understanding of the nature of mental illness. I am currently working on a project on translation, which addresses the question of how to translate findings from fundamental neuroscientific research into psychiatric practice and vice-versa.
